WOMEN'S ILLS THAT GROW

Centerville, Iowa, March 7, 1900.

I su''ered with falling of the womb for about 20 years. I would take weak spells and could not stand on my feet long enough to get a meal of victuals. At the age of 40 l grew worse. I tried doctors' medicines until I lost faith and had no hopes of ever getting better. I have used one bottle of Wine of Cardui and now I am strong smouth to do my own housework.

Mrs. H. W. HILLYARD.

"Female ills" are ills that grow. They never wear oit. Mrs. Hillyard suffered 20 years. Thousands of women are slipping into premature graves, waiting for their troubles to right themselves. Your patient suffering entitles you to a better reward than this, but you do not get it. Much of the chronic female suffering to-day is due to the neglect of early menstrual irregularities, which frequently grow into troublesome complications even before the years of early womanhood are past. These troubles fasten on you so slowly and gradually that the delicate female organs are wrecked before you realize it. Mrs. Hillyard's 20 years' suffering was brought to a close when she began taking

WINEOFCARDUI

It worked the beginning of a new era in her life-an era of freedom from suffering. Is it not strange that a woman will go on enduring the terrible dragging pains of falling of the womb, the torture of painful menstruation and the distresses of leucorrhoea-the ills that grow-when it is so well established that Wine of Cardui will cure them? Mrs. Hillyard could not be induced to go through her suffering again. Why do you endure it when Wine of Cardui offers you relief? All druggists sell \$1.00 bottles.
